February 2019

Why Enforcing the Rules must be a Priority of the Board and the Property Manager

One of the most important jobs a Board of Directors and a Community Property Manager has to do is to enforce the Rules and Regulations of their community. It is part of their duty to make sure all the regulations are followed by homeowners and the Board itself. Failure to do so can lead to chaos and confusion in your community.

The reason we have Rules and Regulations is to ensure proper order and running of the community. Without these basic tenets of organization, everyone living in the neighborhood would be free to do as they pleased, leading to many issues, problems and arguments.

The only exception to following the community rules would be if they conflicted with new Federal or State laws. In this case, the community rules can be amended to comply with the new governmental regulations.

Why Enforce the Rules?

Duty - First and foremost, all owners agreed to abide by the rules when they bought into the community

Fairness: Regulations only work if they are administered fairly across the entire community

Why Follow the Rules?

Following the Rules and Regulations that you agreed to follow when you purchased a home in your community shows that you respect your community and your neighbors.

HABITAT FANS RECYCLE CANS

Just a reminder we collect aluminum cans for Habitat for Humanity — a project we started ten years ago. When the collection containers get full I bring the cans to Don's Recycling in North Port and periodically bring the money to the Habitat Office in Venice. In early January I brought \$20 from the cans we collected in November and December to the Habitat office. The smiles of appreciation and thanks from the Habitat staff make this so worthwhile.

A flyer is posted outside the Club House listing the following homes where you can find the blue containers with the logo "Habitat Fans Recycle Cans". Please rinse the cans before depositing them in the containers to prevent attracting insects (much appreciated).

322 Cypress Run Court (Dede Rudd)
401 Creekview (Mary Jo Schwed)
412 Creekview (Wally and Sue Hutt)
318 Salt Creek (Jim and Carol Julian)

Since we don't recycle at the Club House, it would be helpful if you brought your aluminum cans home (they will be lighter when empty), rinse them, and drop them off at one of the collection sites listed above; it will also reduce the amount of trash at the Club House. We also collect the tabs and donate them to the veterans to help purchase stamps and stationery (another worthwhile project).

If you have any questions or would like to help please feel free to give me a call. Thank you.

LIBRARY CHATTER

February 2019

First, I wish to take time to thank the wonderful people who come to our library to shelve books, clean shelves, process newly acquired books and many other things. These things keep the library a comfortable place for us all. Having said that, we need HELP! Our numbers are dwindling. Aging, health and other obligations make it difficult sometimes. Please consider donating an hour or so a week to help maintain our wonderful facility at its best. The peace one can find in quiet work among books is very soothing. Just call me and I will be happy to show you the ropes. You may find it to be a treasured hour of helping that soothes you.

RIVERWALK BOOK CLUB

February 2019

Did anyone get the urge to come to our meeting in February, following the Coffee Hour of January 15? We would love to have you join us at our February meeting. It is nice to hear views of others after you have read a book. Try it! In January, Marji Olson led our discussion of *Sometimes I Lie* by Alice Feeney. This was a book written in a way that you were "hooked" quickly. Many of us had some very strong feelings about the story and related to the character easily. Our book for February is *Before We Were Yours* by Lisa Wingate. We will meet at our usual time of 1:00 on February 20th in the Library. Joyce Cross will be leading our discussion.

Signage at the Village

At the Shareholders Meeting the discussion came up regarding signage in the Village. Per our Rules and Regulations "1. Signs shall not be displayed or attached on a lot/unit or in a home, except as follows: One (1) "For Sale" or "For Rent" sign may be displayed in a planter or shrubbery bed of the residence and shall not exceed eighteen (18) inches by twenty-four (24) inches. In addition, a sign displaying the resident's name and/or street number may be installed in a suitable location on each residence, provided the sign is displayed with letters not exceeding three (3) inches in height, and provided it has been specifically approved by the Office Manager. Special event signs such as Garage Sale and Open House, may be placed in the same manner or on the lawn. These signs must be removed within 24 hours of the completion of the event. Signs for pancake breakfast tickets may be displayed. You may only place signage on your lot/unit. Homemade signs are not allowed. All signs not in compliance will be removed. "

There was a lot of discussion regarding the pet signs and it was determined that the only recourse that we have is to follow our stated Rules and Regulations and let the residents know that all signage must be removed from your yards. This includes pet signs and any other types of signage that you have in your yard, other than the ones that comply with the Rules and Regulations. If you do not want your lawn to be mowed, you may place the sign in your yard the evening before mowing is scheduled and it must be removed by the next evening.

We are working on the best possible course to move forward for those residents who do not want pets to stop and relieve themselves on their lawns, but the signage must be removed. We are reminding all pet owners that the Rules and Regulations state "3. Pet owners shall utilize sanitary devices to pick up all pet waste. Residents are to make an effort to have their pets defecate on their own lot/unit lawn," and please remember there is no place in the Village your pet may relieve themselves that doesn't have to be cleaned up.

Per the Rules and Regulations residents may have TWO pets per household. If you have two pets in your household and you have guests who bring additional pets into your home, you are in violation of the Rules and Regulations. If your guests bring pets into the Village they must abide by the 50 pound limit rule and the no aggressive breeds.

Thanks for your understanding and please don't hesitate to give me a call if I can help you with anything.
